LULUK EKA WAHYU RAMADHANI, 18.03.059. Implementation of National Social Security in Mijen Village, Kaliwungu District, Kudus Regency. Supervisors Dra. TETA RIASIH, MP dan ROSILAWATI, MPS. Sp

Research on the Implementation of National Social Security in Mijen Village, Kaliwungu District, Kudus Regency aims to obtain a comprehensive picture of: 1) community characteristics, 2) information delivery, 3) human resources, 4) SOPs, 5) inhibiting factors, 6) supporting factors. The method used is descriptive qualitative. The data sources used are primary data sources from health center nurses, village administrators, company HRD, and program beneficiary communities as well as secondary data sources in the form of observations and documentation studies. The informant determination technique is purposive. The data collection techniques used were: 1) interviews, 2) observation, and 3) documentation study. Test the validity of the data using the credibility test, transferability test, dependability test, and conformibility test. The results of the research show that the implementation of national social security for the people in Mijen Village as a whole has been going well from the aspect of delivering information and SOPs for program implementation. The aspect of human resources still needs to be maximized so that it can run optimally. The proposed program is Strengthening the Human Resources Capacity for JSN Implementers in Mijen Village, Kaliwungu District, Kudus Regency.

Keywords: Implementation; National Social Security; Human Resources

ABSTRAK

LULUK EKA WAHYU RAMADHANI, 18.03.059. Pelaksanaan Jaminan Sosial Nasional di Desa Mijen Kecamatan Kaliwungu Kabupaten Kudus. Dosen Pembimbing Dra. TETA RIASIH, MP dan ROSILAWATI, MPS. Sp

Penelitian Pelaksanaan Jaminan Sosial Nasional di Desa Mijen Kecamatan Kaliwungu Kabupaten Kudus bertujuan untuk memperoleh gambaran menyeluruh tentang : 1) karakteristik masyarakat, 2) penyampaian informasi, 3) sumber daya manusia, 4) SOP, 5) faktor penghambat, 6) faktor pendukung. Metode yang digunakan adalah kualitatif deskriptif. Sumber data yang digunakan adalah sumber data primer yang berasal dari perawat puskesmas, admin desa, HRD perusahaan, dan masyarakat penerima program serta sumber data sekunder berupa observasi dan studi dokumentasi. Teknik penentuan informan adalah purposive. Teknik pengumpulan data yang digunakan adalah : 1) wawancara, 2) observasi, dan 3) studi dokumentasi. Uji keabsahan data menggunakan uji credibility, uji transferability, uji dependability, dan uji konformibility. Hasil penelitian menunjukkan bahwa pelaksanaan jaminan sosial nasional terhadap masyarakat di Desa Mijen secara keseluruhan telah berjalan dengan baik dilihat dari aspek penyampaian informasi dan SOP pelaksanaan program. Aspek sumber daya manusia masih perlu dimaksimalkan agar bisa berjalan dengan optimal. Program yang diusulkan yaitu Penguatan Kapasitas SDM Pelaksana JSN di Desa Mijen Kecamatan Kaliwungu Kabupaten Kudus.
